

## VEC 35/50 Ep

This escalator cleaning machine is amazingly versatile and value efficient as it can also be used as a traditional scrubber-dryer for the cleaning of hard floor areas.

### 1 REVOLUTIONARY CLEANING SYSTEM

- VEC 35/50 Ep is equipped with a revolutionary double roller brush cleaning system, which aggressively lifts and removes debris from the steps.

### 2 180° BRUSH-HEAD

- The unique brush-head rotates 180° to completely clean both sides of the escalator, independent from the width of the steps.

### 3 OPERATES INDEPENDENTLY

- Leave the EC51 to get the job done safely and independently, delivering perfect results even if the operator is busy with other applications.

## VEC 35/50 Ep

- Revolutionary cleaning system
- 180° brush head
- Operates independently
